

THE BANNER

ABOUT HOME.

Religious Notice.—Preaching at the Court House on next Sunday at 11 o'clock a. m., by S. A. CHAPMAN.

Town Seminary.—The contract for the erection of a Seminary at this place has been taken by Mr. Silas Morgan, and is to be completed in October next. From a description of the plan, and the known capacity of the undertaker, we may expect the building to be a credit to the town and all concerned in its erection. We need it very much, and we hope the expense of building it will be promptly met, and without hard feelings by tax payers.

The Old Inhabitant is on hand in our market with new goods. See his advertisement, and at Case's Clothing Depot, next door above Pomeroy's, the customer may fix himself for "summer use," exactly to his notion. But this town ain't finished, Squire.

The Common Pleas court for this county is now in session, with Judge Egbert on the bench.

And still they come.—Duff your old duds, and at Case's Clothing Store, that slipped in next door to Van's, has a fly talk with our readers, you had better see what he says.

Variety Store.—Such an establishment is needed in every town that is improving as rapidly as ours. Well, it's on hand. See the advertisement.

The latter part of last week, Messrs. Pomeroy & Brother, sublet to Messrs. Shirland & Solway of South Bend, the grading of four miles of the Cincinnati, Peru and Chicago Railroad—preparing it for the ties. They also become equal partners in five miles more, in both grading and bridging. We are told that they are responsible and enterprising men, and will vigorously prosecute their undertakings.

Messrs. P. & B. have now underlet their portion of the work north of this place, except that which they intend superintending themselves—including the construction of the bridge across Yellow River at this place.

James Phillips was committed to jail in this place on Saturday last by Justice Case, on a charge of stealing jewelry of some peddlars, during the past winter—His bail in two cases was fixed at \$5,000, \$2,500 each.

The weather has been very changeable and disagreeable during the past week. We had a chilly drizzling rain most of the day on Friday, succeeded by a regular fall of snow the greater part of Saturday, melting nearly as fast as it fell.

Connected with the vote which killed the Nebraska Bill in the House, are some facts worth remembering. Of the Indiana delegation, Chamberlain, Eddy, Harlan, Lane, Mace and Parker voted against the bill; and Davis, Dunham, English, Hendricks and Miller, for it.

From the free States 54 democrats voted against the bill.

Not one Whig from the free States voted for it. Of the large New York delegation, only one vote was given for it, and that was Mike Walsh. From Missouri the name of Benton alone stands recorded against the bill.

Indiana Herald.

The Wheat Crop generally gives good promise for the harvest. In some locations, as Jackson county in central Michigan, and the upper part of Cass county, south of us, it has suffered from the frost. We hear little or no complaint in the region of the St. Joseph slope. The spring has opened favorably. Large fields of oats are being sowed, and farmers are wide awake and active in all directions.

The fruit crop, especially the peach and its kindred, has doubtless suffered from the late frosts and frost.—Forum.

"The true principle which ought to regulate the action of Congress in forming territorial governments for such newly acquired domain, is to refrain from all legislation on the subject in the territory acquired, so long as it remains in the territorial form of government, leaving it to the people of such Territory, when they have attained to a condition which entitles them to admission as a State, to decide for themselves the question of the allowance or prohibition of domestic slavery."—Henry Clay, in 1850.

Additional Pay to Postmasters.

A bill has passed the House, and was on Tuesday referred to the proper committee in the Senate, which provides for increased pay to Postmasters in small offices. The advance will be from fifteen to twenty per cent. in commissions. The bill also empowers the Postmaster General to increase the compensation of Postmasters in distributing and operating offices. One provision, which will add to the income of many offices, is that every Postmaster whose compensation shall not exceed five hundred dollars in one quarter, shall be allowed one cent on every free letter delivered out of his office, except such as are for the Postmaster himself. Each Postmaster who shall be required to keep a register of the arrival and departure of the mails, shall be allowed two cents for each monthly return he shall make to the Postmaster General. Each Postmaster may be allowed two mills for the delivery from his office to a subscriber of each newspaper not chargeable with postage.

SAD CALAMITY.—A shanty on the Central Military Tract Road, in the western part of Bureau county, occupied by Dennis Daily and family, was burnt last week by a fire from the pariahs. The Princeton Post says that the fire came upon them so suddenly that Mr. Daily, his wife and three children, and a boarder in the house were unable to make their escape, and perished in the flames. A little girl, the only person escaping, gave the alarm, but before assistance arrived, the building and its inmates were nearly consumed. The boarder had dragged himself from the ruins and lay upon a pile of boards in great agony. He lived but a few hours.

Chicago Journal.

New Coins.—Mr. GWIN, of California, has introduced into the Senate an idea relative to a larger denomination of gold coin, namely, that Congress shall authorize a single coin worth \$100, to be called "Union," \$50, to be called a "Half Union," and \$25, to be called a "Quarter Union." This is to supply the wants of the Pacific States, where paper money is not tolerated, and where, to facilitate the counting and passing of heavy sums of money, the large denomination is needed.

AMERICANS IN THE TURKISH ARMY.—A letter in the Boston Traveller, dated Constantinople, March 2, says: Two Americans are now in the Turkish army, one having the commission of a colonel, and the other, I think, of a Major. The former was a Captain in the United States army, "which have gone to join the troops at Kars, near the Georgian frontier."

ROBBERY OF THE BANK OF INDIANA.—The State Bank of Indiana, at Indianapolis, was robbed a few days ago of \$14,000 in notes of the Lafayette South Bend, Fort Wayne, and Michigan City branches.—The robbery was committed by a clerk in the bank, who escaped with his booty. The bills taken consist of fives, tens, and twenties.

ELOQUENT.—"Gentlemen of the jury," said an American lawyer, "would you set a rat trap to catch a bear? would you make fools of yourselves by endeavoring to spear a buffalo with a knitting needle? No, gentlemen, I am sure you would not. Then, how can you be guilty of the gross absurdity of finding my client guilty of manslaughter for taking the life of a woman?"

RAPERS SUPPRESSED.—A lady at Columbus Ohio, recently inquired of the spirit rappers, how many children she had?

"Four," rapped the spirit.

The husband, startled at the accuracy of the reply, stepped up and inquired:—

"How many have I?"

"Two," answered the rapping medium.

The husband and wife looked at each other, with an odd smile on their faces, for a moment, and then retired non-believers.

There had been a mistake made some where.

WHISKERETS.—This is the name given to the little hooks that the ladies now wear on their cheeks, "in the place where the whiskers ought to grow." They are becoming very fashionable, and rather too common, with a fair prospect of becoming disgusting. They are formed by a little tuft of hair from the temple, on each side, draw it down, and cutting it in the most exquisite style, resembling a little pig's tail smashed flat, with an extra kink in the centre. They cause frequent visits to the looking glass, and a great deal of fixing and dressing.—Courier.

The Courier des Etats Unis states that Russian officers are in the city negotiating for the purchase of four of our mail steamers for the Russian navy.

The duelling party, it is said, went out of town this afternoon for the purpose of fighting. An officer has been dispatched after them. Mr. Wild made his last night.

Dolomieu's Hotel, corner of Water street, near the Battery, was sold to day for \$111,000.

An Irish girl being inquired respecting her mistress, who had gone to a water cure establishment, replied that her ladyship had gone to soak.

Read the following Letter in favor of Dr. A. L. Adams' Liver Balsam.

Consumption in the second stage entirely cured. Dr. A. L. ADAMS.—Sir: In the winter of 1849, I was troubled with a severe cough and pain in my left side, so that I could not lie on my back, and at length with great difficulty of breathing; the least exertion almost stopped my breath. I consulted consecutively several physicians, who failed alike to give me any relief, giving but little encouragement that I could ever be helped. At last, I was advised to try your Liver Balsam, which I faithfully used according to your directions. These bottles of which entirely cured me. I saved me, I cannot doubt, from the grave; for it was the only medicine which relieved me at all, and I am still enjoying good health. I hope your Liver Balsam will be known and used as extensively as its excellence demands.

Yours very truly, THOS. W. SPENCER. Cortlandville, N. Y., Feb. 13, 1853. See Dr. A. L. Adams' advertisements in this paper.

SCHOOL BOOKS

FOR INDIANA.

RECOMMENDED, in compliance with the requisitions of law, by the State Board of Education, consisting of the Governor, Auditor of State, Treasurer of State, Secretary of State, and the Superintendent of Public Instruction. [See School Law, Section 77.]

Office of Superintendent of Public Instruction, INDIANAPOLIS, Nov. 1853.

At a meeting of the State Board of Education held at the Capitol, November 14, 1853, each member of the Board being present, the following document was adopted:

INDIANAPOLIS, Nov. 14, 1853. The State Board of Education approve the following list of text books for common schools:

McGUFFEY'S ECLECTIC SPELLING BOOK, THE INDIANA FIRST READER, THE INDIANA SECOND READER, THE INDIANA THIRD READER, THE INDIANA FOURTH READER, BUTLER'S ENGLISH GRAMMAR, MITCHELL'S PRIMARY GEOGRAPHY, MITCHELL'S GEOGRAPHY AND ATLAS, HAY'S ARITHMETIC, PART FIRST, HAY'S ARITHMETIC, PART SECOND, HAY'S ARITHMETIC, PART THIRD, WEBSTER'S DICTIONARY.

The examination of the Books for our Common Schools involved great labor, but the Board has endeavored to perform the arduous and responsible duty judiciously, thoroughly and faithfully. Intrinsic merit for instruction has been considered of paramount importance, and secondarily, economy to the State.

THE SCHOOL TRUSTEES, whose duty it is to know what books are best, can do much to assist the State Board in obtaining what the School Law contemplates, and economy to the people demands—uniformity in school books throughout the State.

W. C. LAMAR, Superintendent of Public Instruction, and President of the Board of Education.

N. B. A large number of School officers and Teachers in Indiana have already adopted the above books—recommended by the State Board in compliance with the School Law—thus showing a determination of the friends of education to co-operate with the Board in securing throughout the State the uniformity desired, which will avoid frequent and vexatious changes, benefit the learner, and relieve parents of a great and unnecessary expense.

The above Books are published, and for sale by Booksellers generally, throughout Indiana, by Morton & Griswold, Louisville, W. B. Smith & Co., Cincinnati; Thomas Cowperthwait & Co., Philadelphia; Pratt, Woodford & Co., and Clark, Austin & Smith, New York.
